110th ANNUAL CONFERENCE.

Veterinary Medicine in Your Practice

March 30–April 2, 2017

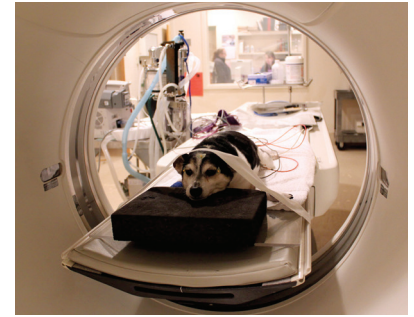

AUBURN UNIVERSITY
COLLEGE OF
VETERINARY MEDICINE

110th Annual Conference

Veterinary Medicine in Your Practice

March 30–April 2, 2017

RECEPTION 5:00–7:00 PM

Thursday Night Reception is in the Veterinary Education Center. Visit with colleagues and classmates, talk to current and former Auburn CVM faculty and students, and browse the exhibits while you reconnect with familiar faces. Please be sure to thank our sponsors for their financial support, which helps reduce the cost of registration.

Thursday, March 30, 2017

TIME			SMALL ANIMAL	PHARMACY/ LAW	USDA
Noon	Registration Opens for Clinical Pathology Lab Participants (Veterinary Education Center)				
1:00 PM	Clinical Pathology Lab				
2:00 PM	Clinical Pathology Lab				
3:00 PM	Clinical Pathology Lab				
4:00 PM	Clinical Pathology Lab				
TIME		FOOD ANIMAL/EQUINE	SMALL ANIMAL	PHARMACY/ LAW	USDA
5:30 PM to 8:30 PM		Barn Rounds/ Case Presentations—Meet in VEC	Case Presentations—	Pharmacology Review— Dr. Sue Duran and Ms. Starr Miller (6-8 pm)	

CLINICAL PATHOLOGY LAB

Join the AU CVM Clinical Pathology team for an interactive presentation and microscopy lab regarding the identification of infectious organisms in cytologic and blood samples from domestic species. Instructional material will consist of a blend of PowerPoint slides, projected images, hands-on microscopic review of various infectious organisms, and group discussion. Three board-certified clinical pathologists and two clinical pathology residents will be present to help with slide evaluation and answer questions. This CE session should benefit veterinarians in small and large animal practices.

DR. ANDY DUKE

Andrew (Andy) Duke is a life-long resident of Mobile, Alabama. After completing veterinary school at Auburn University in 1975, he returned to his home town and opened a mixed animal practice. His first office was leased from a human dentist, who challenged his knowledge of dentistry, mentored him and gave him a belt driven bench engine and taught him to "drill and fill". In 1977 Dr. Duke began participating in organized veterinary dentistry.

In 1989 Dr. Duke qualified and passed examination to become a Fellow in the Academy of Veterinary Dentistry. Seeking to further his education in dentistry, Dr. Duke completed a course of study for a human dental assistant at Faulkner State Community College from 1988 to 1997 and passed the National Dental Assisting Board. He

has completed an alternate pathway residency at Dallas Dental Service with Doctors Bob Wiggs and Heidi Lobprise.

A member of the American Veterinary Dental Society since its beginning, Dr. Duke has served twice on the Board of Directors. As a Fellow of the Academy of Veterinary Dentistry, he has served as program chairman, President and board member. In 2002 Dr. Duke was recognized by the Academy for proposing and organizing the Equine Track for Academy Fellowship. He was further honored by the Academy as Fellow of the Year in 2006. He has participated in all but one of the Veterinary Dental Forums either as a participant, speaker and four years as assistant laboratory coordinator. He has done independent research in canine dentistry, and is a published author in peer reviewed journals.

Music and oyster cultivation are Dr. Duke's two major avocations. His primary instrument is baritone saxophone, but he enjoys doubling on tenor sax, bass and auxiliary percussion whenever needed. Big band jazz is Dr. Duke's preferred musical outlet and he has played in several professional bands as well as the Auburn Knights. With his son, Dr. Duke operates a 3 acre oyster farm on Dauphin Island, Alabama.

Friday, March 31, 2017

8:00 AM	Dentistry Lab (limit of 20)	Welcome by Dean Calvin Johnson			
8:15 AM	Dentistry Lab (limit of 20)	Dr. Gatz Riddell - Antimicrobial resistance and new regulations, VFD, affecting their use.

5:30 PM		Class Reunions (AU Hotel and Conference Center)		
Sunday, April 2, 2017				
9:00 AM		Christian Veterinary Fellowship Breakfast (Overton Educational Wing Cafeteria)		

RADIOLOGY WET LAB

Saturday afternoon's radiology wet lab will consist of beginning techniques for abdominal ultrasound. These hands-on activities will expound upon the Saturday morning lecture series. Auburn University College of Veterinary Medicine faculty will facilitate the event. Registration fee for the lab is \$249. There is a limit of 18 participants.

Saturday Extras

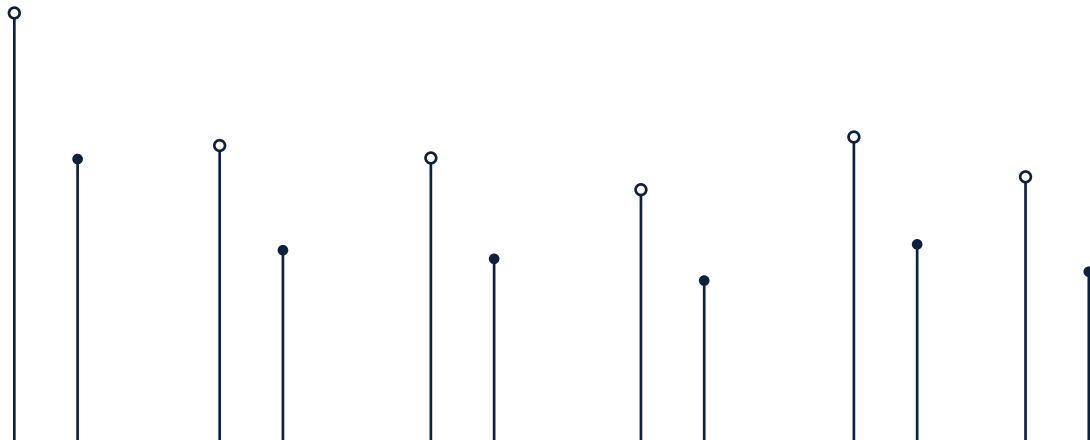

CLASS REUNIONS

Class reunions are being held for the classes of 1967, 1972, 1977, 1982, 1987, 1992, 1997, 2002, 2007, and 2012. You do not have to attend the conference to attend your reunion, but you must pre-register for your reunion by March 15, 2017. Due to space limitations, walk-up reunion registrants cannot be accommodated.

Sunday Extras

CHRISTIAN FELLOWSHIP BREAKFAST

Join colleagues for a wonderful meal while the Christian Veterinary Fellowship students share inspirational stories and photos from their latest mission trips. Breakfast begins at 9 a.m. on the CVM campus (Veterinary Education Center). Preregistration and an additional fee is required.

Conference Information

GENERAL INFORMATION

Pre-registration is strongly encouraged. Confirmations are sent by e-mail to those who register before March 15. Each paid participant will receive the conference proceedings.
