Cultures

Bacterial (aerobic)
- With identification of 1 - 2 organisms: $25.00
- Each additional identification: $8.00

Bacterial (anaerobic)
- With identification of 1 - 2 organisms: $28.00
- Each additional identification: $12.00

Blood culture: $13.00

Fecal culture (Salmonella spp. screen only): $17.00
Fecal culture (Campylobacter spp. screen only): $17.00
Fecal culture (for Salmonella spp. and other fecal pathogens): $23.00

Strangles screen (Streptococcus equi ssp. equi): $14.00
Fungal culture – Deep systemic: $14.00
Fungal culture – Dermatophyte: $12.00
Mycobacterium culture: $15.00
Mycoplasma culture: $17.00

Antimicrobial Susceptibilities

- Antimicrobial susceptibility, MIC per isolate: $16.00
- Antimicrobial susceptibility, KB per isolate: $10.00
- Eye antimicrobial susceptibility, KB per isolate: $10.00
- Food Animal antimicrobial susceptibility, KB per isolate: $10.00
- LA Repro antimicrobial susceptibility, KB per isolate: $10.00
- Individual drug susceptibility: $15.00
- Resistant panel: $35.00

Microscopic Exams (when ordered without a culture)

- Gram stain: $6.00
- Fungal preparation (KOH): $6.00
- Dermatophilosis smear: $9.00
- Acid fast stain: $14.00

Serology

Brucella canis Serology (RSAT): $28.00
Cryptococcal Antigen Latex Agglutination: $20.00

Toxin Tests

Clostridium perfringens: $34.00
Clostridium difficile: $34.00

Transport Kits

Kit 1: Four Port-A-Cul tubes for tissues: $25.00
Kit 2: Four Port-A-Cul vials for fluids: $25.00
Kit 3: Combo pack w/ two Port-A-Cul tubes and two vials: $25.00
Kit 5: Four blood culture bottles: $30.00
