

Bacteriology & Mycology

Cultures:

Bacterial (aerobic)	
With identification of 1-2 organisms	\$23.00
Each additional identification	\$ 6.00
Bacterial (anaerobic)	
With identification of 1-2 organisms	\$20.00
Each additional identification	\$ 6.00
Blood Culture	\$13.00
Fecal Culture (Salmonella spp. screen only)	\$17.00
Fecal Culture (Campylobacter spp. screen only)	\$17.00
Fecal Culture (for Salmonella spp. and other fecal pathogens)	\$23.00
Strangles Screen (Streptococcus equi spp. equi)	\$14.00
Fungal Culture – Deep systemic*	\$14.00
Fungal Culture – Dermatophyte	\$12.00
Mycobacterium Culture*	\$12.00
Mycoplasma Culture	\$17.00

Antimicrobial Susceptibilities:

Antimicrobial susceptibility per isolate	\$12.00
Individual drug susceptibility, broad range MIC	\$15.00
Resistant panel per isolate, broad range MIC	\$35.00
Fungal susceptibility	*
Mycobacterium susceptibility	*

Microscopic Exams (when ordered without a culture):

Gram stain	\$ 6.00
Fungal preparation (KOH)	\$ 6.00
Dermatophilis smear	\$ 8.00
Acid Fast Stain	\$14.00

Serology:

Brucella canis Serology (RSAT)	\$16.00
Cryptococcal Antigen Latex Agglutination	\$13.00

Toxin Tests:

Clostridium perfringens Toxin Test	\$30.00
Clostridium difficile Toxin Test	\$30.00

Transport Kits:

Kit 1: Four Port-A-Cul tubes for solids	\$25.00
Kit 2: Four Port-A-Cu vials for fluids	\$25.00
Kit 3: Combo Pack – Two Port-A-Cul Tubes and two vials	\$25.00
Kit 4: Four blood culture bottles	\$30.00
