

International shipments of samples directly to Dr. Mary K Boudreaux at Auburn University - European customers may send samples directly to Auburn University, being careful to follow the International shipping requirements listed below:

US Customs requires that ALL International shipments have 2 written declarations specifying the contents of the package. One should be secured to the outside of the package & the other should be inserted inside the package. Please place the following declarations on the inside and outside of the package:

Regarding USDA Guidelines of Importation (#1102 Feline and Canine Material)

I understand that a USDA import permit is not required for this material since I can provide the following true statements.

1. The material in this shipment is canine (dog) blood.
2. This material does not contain any other animal derived material (ie. from livestock or poultry).
3. This material was NOT derived from dogs which were inoculated with or exposed to any infectious agents of agricultural concern.

I declare that the above information is true and correct to the best of my knowledge.
