

## **AURIC - Graduate Fellowship Program**

Call for applications for AURIC Graduate Fellowships in Cancer Research.

The Auburn University Research Initiative in Cancer (AURIC) invites current Auburn University graduate students in good standing and with a research interest in cancer to apply for AURIC Graduate Fellowships in Cancer Research. The student must be enrolled in, or in the process of enrolling in a doctoral degree program.

This fellowship will provide 1 year of stipend support (At the rate of \$20,196 per year). The fellowship is competitively renewable for a total of up to 3 years, however renewal requires demonstration of acceptable progress towards the desired graduate degree and continued work in cancer research. Applications must be received by AURIC ([AURIC@auburn.edu](mailto:AURIC@auburn.edu)) by 4:45 pm June 9, 2017. The applicant and the applicant's mentor must be a member of AURIC (if they are not, they may join concurrently with this application). Funding will start October 1, 2017.

The application should include:

1. A biosketch or curriculum vitae.
2. A two-page (maximum length) letter indicating the laboratory where the research will be performed, the research project and the applicant's interest in cancer research.
3. A letter of support from the applicant's faculty mentor.
4. If the applicant is currently funded and is seeking a renewal, then the applicant must include a description of progress made over the past year.

The Auburn University Research Initiative in Cancer provides support for the AURIC Fellowship in Cancer Research.
