

Kanab Veterinary Hospital in beautiful Southern Utah is looking for a full-time associate to join our amazing team!

Kanab is near the Utah/Arizona border, and KVH services patients from both UT and AZ.

Located right in the middle of the country's most beautiful public lands, Kanab is a haven for outdoor enthusiasts. Though a small town, it offers all the amenities of a big city – including an ever-growing arts culture.

Kanab Veterinary Hospital is a full-service clinic and treats both small and large animals. The hospital includes three exam rooms, a newly renovated surgical suite, a treatment area, a radiology room, an on-site grooming salon, and will soon include a boarding facility!

KVH is dedicated to offering compassionate care through inpatient/outpatient procedures, wellness plans, and client education.

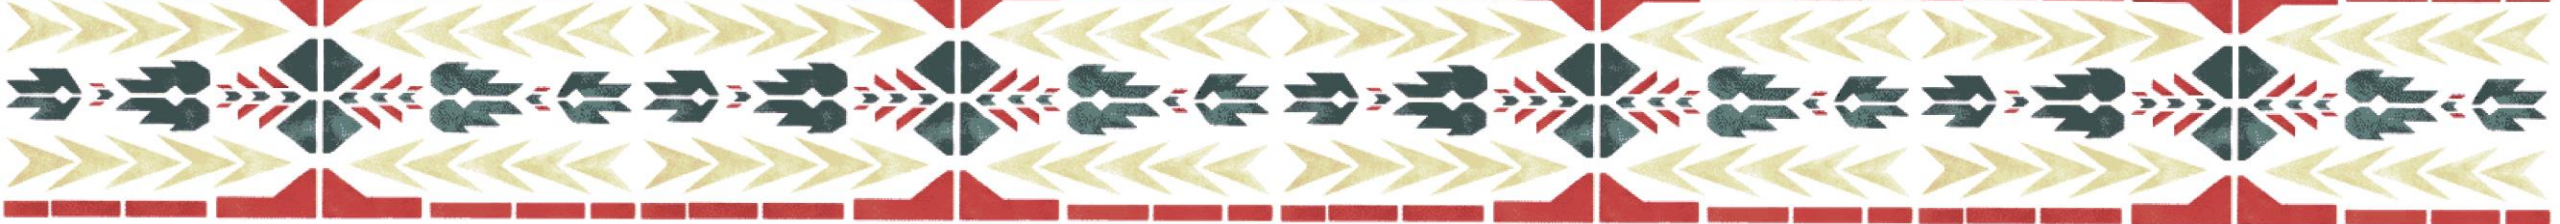

Diagnostic tools include portable Min Xray model with wireless plate & stationary small animal table, Abaxis laboratory equipment, and digital ultrasound.

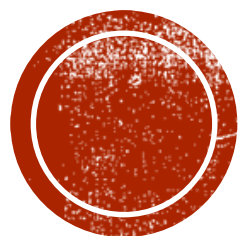

KVH also utilizes a new Midmark dental machine, DRE monitoring equipment, and Cornerstone software.

Competitive salary, production-based bonuses, paid licensing fees/organization dues, and allowances for CE complete the KVH package.

Our team of owners, DVMs, and support staff work well together, and any new associate must have excellent communication skills, love working in a fast-paced environment, and embody the mission statement of KVH.

An ideal candidate would have experience with both small and large animals, and would anticipate opportunities to further education in both areas.
