Southeastern Raptor Center Post-COVID
Presentation Policies

• Due to the limited ability to maintain a 6’ separation on tours, this will be limited to individuals who live in the same household.
  o Individuals coming for a tour will not be allowed inside the office.
  o SRC representatives can bring educational items outside and have ready to show tour, but guests will not be allowed to touch any of the items.
• Groups containing individuals from multiple households, even if less than 20 people, will be allowed to have an amphitheater presentation.
• Seats at amphitheater are ~1.5’ wide. However to make it easier we will tell guests to keep 6 seats between them and individuals that do not live with them.
  o Due to Auburn University’s guidance, we will not allow more than 50 people in the amphitheater until further notice
• In accordance with Auburn University policy, all visitors to the SRC will:
  o Provide their name, telephone number, and email address
  o Wear face masks throughout entire visit
  o Have their temperature taken
• At this time, facemasks will be required to be worn by ALL individuals at all times during presentations. This includes both on and offsite presentations.
• If we are traveling offsite, it is up to the client to determine their policies for guests attending their event.
• Upon guidance from Auburn University, the SRC reserves the right to change these policies or cancel previously scheduled presentations.

*Policies were created with guidance from Auburn University’s Medical Director and looking at policies from Association of Zoos and Aquarium (AZA) facilities.
