The 13th annual Boshell Research Day, scheduled for Friday, September 17, 2021, brings together experts from around the United States to present current topics related to diabetes and the role of obesity in its development. The meeting will be highlighted by research presentations throughout the day and evening.

Don’t miss this opportunity to participate in this exciting event. Poster and oral presentation submissions are accepted.

Registration is free for Boshell Program members, and $125 for nonmembers. No registration fee will be charged for all students and postdoctoral fellows.
